

WEED MANAGEMENT PLAN

File No: _____

Location: _____

WEED CONTROL MEASURES

Upon issuance of the Development Permit and continuing until issuance of the Certificate of Site Use, the Developer acknowledges and agrees that the following weed control measures shall be followed by the Developer:

- Site Analysis (from start of construction) done weekly
- Weed Identification and Documentation – within 1 day of the Site Analysis (if weeds are found)
- Control Response Time – within 14 days of Weed Identification and Documentation

The Town of High River reserves the right to request copies of any weed management documentation. It is the responsibility of the Developer to ensure that records are maintained appropriately.

Control responses shall be dependent upon weed specific and site specific assessment. These responses may include:

- cultural/mechanical,
- mulch,
- and chemical **only when necessary**.

In case of **chemical** use:

It is the responsibility of the Developer to ensure that the applicator shall be a Certified Landscape Pesticide Applicator in the Province of Alberta

Any and all areas accessible by the public, signs must be posted (**minimum 24 hours** before spraying).

PROHIBITED NOXIOUS AND/OR NOXIOUS WEEDS

In the case of the identification of *Prohibited Noxious* and/or *Noxious Weeds* (as defined by the Weed Control Act, RSA 2008, Ch. W-5.1), the Developer's control response time shall be **within 5 days** after identification.

For a full list of Prohibited Noxious and Noxious Weeds, please refer to the *Alberta Invasive Plant Identification Guide, 2013* or any successor thereof.

PROPERTY STANDARDS

It is the Developer's responsibility to ensure the site is in full compliance with Town of High River Bylaw No. 3802/95, or any successor thereof, being a by-law of the Town of High River to regulate nuisances and unsightly premises.

WEED DISPOSAL

No weeds shall be disposed of off-site unless they **bagged** and are disposed of **directly into a landfill**.
